SUGGESTED RENTAL RATES

These are suggested rental prices and can vary with each home. The fluctuation in price is determined by the square footage, location, special features, and privileges of your home. These prices reflect well maintained properties in good to excellent condition with properly functioning appliances and modern amenities. Maid service can be estimated at \$100-150 per visit for a 4 bedroom, 2.5 to 3.5 bath home. The service required such as the number of times bed linens are changed also influence the per visit price. Listing your home does not guarantee a rental. Remember being competitive in the pricing of your home will aid in the rental of your property.
